Personal Information

Name	Venkata Mukund Kashyap, Yedunuthala
Address	Halsbrüker Straße 12, 09599 Freiberg
Mobile	+49 176 86202895
E-mail	mukund.yedunuthala@outlook.de
Birthday, place	16.07.1997 in Warangal, India.
Nationality	Indian

Education

10/2019 – 03/2023 **M.Sc. Computational Materials Science**, *Technische Universität Bergakademie Freiberg*, *Expected*

08/2015 – 07/2019 **Bachelor in Engineering: Mechanical Engineering**, *Chaitanya Bharathi Institute of Technology*, Hyderabad, India, *Final grade: 1,8*
First class with distinction

Projects

05/2022 – 11/2022 **Project**, *Personal Programming Project*,
Technische Universität Bergakademie Freiberg,
Title: Modeling of radiative heat-exchange using finite element method
- Areas of focus: Solid Mechanics, Simulations.
- Programmed in Python with NumPy.

11/2021 – 02/2022 **Project seminar**, *Anwendungen Künstlicher Intelligenz (Applications in Artificial Intelligence)*,
Technische Universität Bergakademie Freiberg,
Title: Image captioning using reinforcement learning
- Area of focus: Machine learning.
- Programmed in Python with Tensorflow and Jupyter.

10/2021 – 04/2022 **Project**, *Personal Programming Project*,
Technische Universität Bergakademie Freiberg,
Title: Prediction of material properties using gradient boosting machine and local regression
- Area of focus: Machine learning.
- Programmed in Python with NumPy.
- Visualisation with Matplotlib.
- Integration with Pymatgen for data.

Skills

Language

Telugu	Native language
German	B2

- Goethe Zertifikat B1 (2018).
- B2, in TU Bergakademie Freiberg (2021).
- Deutsch Kommunikation in Studium und Beruf (Soft skills course for professional environments, TU Bergakademie Freiberg, 2022)

English	C1 – International English Language Testing Scheme (IELTS) – 8.0/9.0 (2018)

Computer skills

Programming	Python, C++, Kotlin, Matlab
Python modules	NumPy, Matplotlib, Pandas, TensorFlow
Others	git, LaTeX, OpenMP, MPI, Markdown

Other skills

Strengths

Teamwork, Tolerance, Flexibility

Hobbys and Interests

Photography, Model United Nations

Achievements

- Selected to participate in Summer of HPC 2021, an initiative of PRACE (Partnership for Advanced Computing in Europe) to promote High-performance Computing.

Freiberg, November 15, 2022.
